

Champion Technologies is a leading global specialty chemical company offering innovative and environmentally acceptable solutions to the oil & gas industry.

### WE ARE COMMITTED TO OUR CUSTOMERS IN AFRICA

Our global presence and decades of experience allows us to resolve and prevent any logistical, regulatory or environmental challenge.

Just as important, we believe the localisation process is beneficial to the local African economy, culture - and you. We are equally committed to conducting business in an ethical, sage and environmentally responsible manner and strive to identify potential hazards and assess production risks.

We invest in local African facilities, equipment, technology and personnel to provide operational excellence that supports your objectives.

No borders, no boundaries - Champion Technologies is there for you, in Africa
